The first number, dated **NOVEMBER 1929**, will be printed before Hallowe'en, so as to reach distant Subscribers in ample time for St Andrew's Day (the Scotsman's Holiday throughout the World); then subsequent issues will have the association of home memories of Hogmanay, Ne'er Day, and the birth of Burns. The Glasgow "Bulletin," of 2nd August has the following:—

"A SCOTTISH NEED.—The decline in American tourist traffic in Scotland is, according to a tourist agent with whom I have had a chat, due to our failure to advertise our country's special attractions. A new generation is growing up in U.S.A. which knows not Scotland, and has never heard of Roderick Dhu, Fitz James, Bonnie Prince Charlie, and Mary Queen of Scots. The agent suggests the establishment of a well-organised Scottish Tourist Publicity Agency, which would broadcast the fame of the Lowlands and Highlands in the U.S.A. and on the Continent."

PEACE, HONOUR and GOOD WILL

More than Christians believe that the Whole Human Family will yet live together as Brethren.

THE GREAT CREATOR OF ALL made of one blood all races of Humanity but our forefathers got separated and estranged. The confusion of tongues did not cause them to be irreligious, the phenomenal success of the Boy Scout movement, generated by Sir Robert Baden Powell, demonstrates that latent good-fellowship, gratitude and honour can grow and mature. Long ago, the Prophet Zephaniah foretold the coming of a perfect language—which, in these latter times, the people are longing for in order to overcome misunderstandings and know and enjoy mutual intercourse in business and pleasure. The walls of Jericho fell very simply, and the lingual walls which have hitherto divided the nations, need no longer prevent all people that on earth do dwell—whatever their creeds, colour or idiosyncrasies—from satisfactorily communicating with each other by means of

ESPERANTO. The International Language.

Up-to Date **Mariners** use the **International Code of Signals** at sea;

Up-to Date **Persons** all { use the **International language** { for intercom-

Esperanto, like ENGLISH, is made up from other languages: its roots are taken from the same jungle, but scientifically treated in a garden pro bono publico.

The 11th Annual International Congress was to have been held in Edinburgh in 1915, but the Great War, which prevented the holding the 10th in Paris the previous year, was the means of causing the transfer of the 11th to San Francisco. To commemorate the opening of the Panama Canal a big Exhibition was held there, and a Tutá Pacifika Esperanto Kongreso developed into the 11a Tutá Mondo Esperanto Kongreso.

The 12th Kongreso Internacia was held at th Hague, Holland in 1920; the 13th at Prague, in 1921; the 14th at Helsingfors, Finland, in 1922; the 15th at Nürnberg in 1923, the 16th at Vienna in 1924, the 17th the following August again at Geneva; and the 18th at **Edinburgh**, in **1926** (when the Holy Bible, in Esperanto, was dedicated in St Giles' Cathedral). National congresses are held annually in all civilised countries, and international congresses in both hemispheres.

Esperanto—the language of Peace on Earth and universal brotherhood—is steadily spreading. It is much easier to learn and comprehend than any national language, and does the work of all. On the Continent during the Great War it was an incalculable blessing to Red Cross work and tracing the missing. It was a veritable open sesame into everything good. The world-wide Boy Scout movement has taken up the study of la kara lingvo. It is used at the great and happy international Jamborees—meetings so harmonious that they are appropriately closed by the singing of “Auld Langsyne.”

Esperanto has been adopted by the League of Nations, League of Religions, and numerous business firms, tourist organisations and scientific societies everywhere. It is, of course, regularly broadcast by wireless.

Compiled by an enthusiast who, by his devoted pioneer work for the cause, was elected an Honorary Fellow of the British Esperanto Association.

PREFACE TO 1929-30 EDITION.

WE have pleasure in producing the Jubilee issue of our hardy Annual.

The early numbers contained the Officials and Householders of Buteshire only. The Anniversaries and Traders were absorbed from the West Coast Almanac, issued at the New Year, and embracing districts outside Buteshire—the phenomenal success of which in Mid Argyll, led to the establishment of the printing office in Lochgilphead.

Rothsay is the most attractive and best known. We would like to see its spirit of enterprise spreading among the other districts. They have each and all something to be proud of. These cannot be properly appreciated until better known. In the present Directory we continue the four distinct parts.

This DIRECTORY is not only at hand for reference at all times throughout the whole county, but it is also ready for reference in the public libraries of Scotland, England, Ireland and Wales, and also in numerous business houses and agencies in busy centres; besides this, we send copies to the passenger steamers communicating with the islands of Buteshire, and these are hung up in their cabins.

The Public Libraries as a rule do not subscribe to other than the few large National Directories. The more numerous and detailed District Directories would cost too much. For years we have sent, complementarily, copies of ours—which are much appreciated; and we are prepared to increase this number by forwarding other free copies to any Libraries to be named by customers giving orders to the value of £1.

As our Advertising friends appreciate the continued distribution of their announcements facing the ordinary reading matter, we will, on receipt of orders early, keep permanent this decided advantage.

We do not give a full list of Householders because of lack of support; but our fuller list in MS is available.

Those who wish Lists of Householders (arranged in Streets and Wards) can get that in the Official Voters' Roll—in whole or in parts.

Our best thanks are again accorded to those who have in any way helped us in this compilation. It takes long and careful vigilance to ascertain and give effect to the continual changes.

HIGGIE & CO., PRINTERS and PUBLISHERS
ROTHESAY, July, 1929.

P.S.—Will the many persons who consult the BUTE COUNTY DIRECTORY in the Libraries, Reading Rooms, Banks, Offices, Shops, etc., throughout the County and beyond it, *free of charge*, please remember that they are indebted for this privilege to the patronage of our Subscribers and Advertisers.

As far as we can see, the information about Millport and Cumbræ is quite correct and thoroughly reliable, so we may take it for granted that the rest of the matter is the same. The book, which runs into 144 pp., should be extremely useful and convenient for the residents of the county of islands, as well as to visitors, especially those who have business dealings with the inhabitants.—*Largs and Millport News*

This useful publication is again to hand. The publishers have been so enterprising as regards its compilation that the Directory is now an absolute necessity to business people who have dealings with the picturesque County of Bute. It should be noted that the Directory also contains a useful almanac.—*Ardrossan Herald*,

"One of the most gratifying messages of good will that has reached us this season comes from Rothesay, Scotland, in the form of a 'Heather Christmas Card' issued by Messrs Higgle & Co., of that favorite resort. . . . The two inside pages are surrounded with mottoes, every one of which breathes a true Scottish sentiment of good will to absent relatives or acquaintances. Along with this card Messrs Higgle & Co., send us a copy of their guide to 'Bonnie Scotland's Resorts,' a wonderful little compendium of descriptive and historical information."—*New Zealand Times*, Wellington.

"They're faur, faur awa', but their hearts are kind and true—

The auld house at hame is ever in their view :

Their hearts are aye in Scotland though they're faur, faur awa'."

That very useful publication "The Bute County Directory" is now on our desk, having just been issued. That veteran of the printing fraternity, Mr Higgle, is entitled to congratulation on the book, which runs to 150 pages, and is invaluable to anyone doing business in the Burgh or County.—*Rothestay Express*.

Our old friend Mr George Higgle (Higgle & Co., publishers, Rothestay), has once more sent us a copy of his useful Bute (County and Burgh) Directory. The contents appear much as usual, and at least they are not curtailed from previous issues. The Calendar, with its local anniversaries, is an interesting feature, and the events recalled include many Millport ones.—*Largs and Millport Weekly News*.

LONG LIVE THE BUTE DIRECTORY

The **Opinions** of the **Press** and the **Acknowledgments** of **Libraries** are as complimentary as ever. The "Glasgow Evening News" makes the following appreciation of "**Local Colour**."—The compilers of the **Bute County Directory** have an ingenious method of making up the local colour and stimulating local pride instead of filling up the Calendar with the stock anniversaries. they have put against each date a local happening." Thus —[Two events mentioned]. "It is certainly an idea that makes for 'atmosphere.'"

The *Helensburgh and Gareloch Times* says this useful hand-book is brimful of information regarding the County of Bute. The public officials, lists of householders and business people in this popular health resort will be most serviceable. Notwithstanding the greatly increased cost of production, the price of two shillings has been maintained.

COUNTY OF BUTE.

—0—

THE COUNTY OF BUTE comprises the seven islands in the Firth of Clyde, viz, —**BUTE**, the most populous; **ARRAN**, the largest; the **GREAT** and **LITTLE CUMBRAES**, off the Ayrshire Coast; **HOLY ISLE** and **PLADDA**, off Arran; and **INCH-MARNOCK**, off Bute.

The total **AREA OF THE COUNTY** (land and water, exclusive of tidal water) is 139,658 acres, of which 53,510 are mountain and heath lands used for grazing. 3,806 acres are under plantations, and 794 are covered with water. There are 25,981 acres under all kinds of crops, bare fallow and grass, which is a gradual inroad on the mountain heath and hitherto uncultivated land.

The principal **INDUSTRIES** are agriculture, horticulture, and fishing. The island possess great and varied natural attractions, and are in the forefront as holiday resorts.

Parish of North Bute.

THIS is the northern portion of the island of Bute. Port-Bannatyne, its principal village, is two and a-half miles from Rothesay, with which it is connected by tramway. Kames Castle, in the vicinity, is said to be the oldest inhabited castle in the country, and was the ancient seat of the Bannatynes. The village was named after that family—two brothers of whom (John and Gilbert)—received a charter from King Robert the Bruce, for services rendered at Bannockburn.

At the 1921 census, (taken in June instead of April) the parish contained 1201 males and 1529 females—total, 2730.

The Isle of Arran.

THIS island, the largest in the group, is famous for the grandeur of its scenery and the variety of its geological deposits. The island is 36 miles in length, 20 in breadth, and is divided into two parishes—Kilbride on the east, and Kilmory in the west. The late King Edward and Queen Alexandra spent a very pleasant holiday in the island after their postponed Coronation in August, 1902, and witnessed some very interesting sheep dog trials—which lengthened their stay

CHARM of the HEATHER

A SPRIG of SCOTS HEATHER is as lightly thought of at home as a drink of cold water (of which there is more than enough to spare), but it is an inspiration and a valued reminder of the pleasantest of memories to Scots and their friends abroad.

The exchange of national floral emblems will yet become exceedingly popular among those who work for human brotherhood.

We produced Victory Commemoration Bookmarks—in connection with the Armistice, the Signing of Peace and the succeeding Joy Day Celebrations,—which were considered very appropriate.

Remember Friends Abroad.

While enjoying holidays remember to gather sprigs to send to friends abroad, or in response to appeals you will see in leading Scottish weekly newspapers.

We have for years sent boxesfull of heather to friends and societies abroad. We frequently respond to newspaper appeals, and the following is a sample of the acknowledgments received :—

East London, C. P., So. Africa, 18th Dec.

Mr George Higgle, 22 Bridge St., Rothesay, Scotland.

On behalf of the East London Caledonian Society I wish to thank you for being so kind in responding to my appeal for heather, which was sold on our Patron Saint's Day, and realised the very handsome sum of £265 5/11, and has been forwarded to the fund for disabled Sailors and Soldiers. The heather was received in first-class condition, and was much prized —Yours faithfully, JAMES FORBES,

Convener of Heather Committee.

It is not only Scots abroad who enjoy a sprig of something that actually grew at home. The Glasgow 'Evening Times,' while the above acknowledgment was on the ocean, printed the following;—"Flower girls in Argyle Street are making brave display with the mimosa, which comes to us from the Continent before the swallows or even the daffodils dare. It is one of the indications, after the shortest day, that somewhere the sun is shining, and that winter is waning. Australians in town are greatly cheered by the golden glory, for the mimosa is the wattle of their homeland, carrying with it the same significance as the heather to a Scot abroad."

Colonials and others on holiday in this country, have thanked us personally for sending them souvenirs of Scotland when far away; and others have reciprocated by sending preserved leaves and flowers from their distant lands.

The exchange of national floral emblems will yet become exceedingly popular.

Botanical Specimens go through the post at letter, sample or parcel rates.

The Bute County Directory

is the only Publication of the kind printed and published in Buteshire. Its data is carefully compiled, and much time and attention is devoted each year to the careful investigation and noting of the necessary alterations in the personnel of the occupants of public offices, the correct addresses of the general inhabitants, and the latest changes amongst those engaged in business.

The earliest publications connected with Rothesay were Directories, and they are interesting reading even at this time of day.

Our publication not only includes the Burgh of Rothesay (where it has long been most appreciated, but embraces the whole of the County of Bute—from the outlying districts of which more interest is respectfully solicited.

Owing to the increased prices of material and wages, we have been compelled to raise our tariff from pre-war issues, but that advance is not nearly equal to the increased cost of production: We desire not the curtailing of our information, but the continuing of everything as full as possible.

BUSINESS *Education*

SHORTHAND TYPEWRITING, ESPERANTO, AND BOOK-KEEPING.

MR HIGGIE'S CLASSES FOR PRACTICAL INSTRUCTION are conducted during the two Winter Quarters--October till December and January till March.

PRIVATE TUITION BY ARRANGEMENT.

Shorthand continues to be taught with a view to its subsequent usefulness in Business and Professionally.

In **Typewriting** special attention is devoted to Punctuation and Capitalisation—a thorough knowledge of which is absolutely necessary in Practical Printing and cannot longer be neglected by those aspiring to be First-Class Typists.

Esperanto.—This wonderful International Language is already used for Business and Pleasure in all parts of the world. Mr HIGGIE is in touch with important regions all over the world, and regularly corresponds with persons everywhere—notwithstanding their different national languages.

This auxiliary language anticipates the happy time when there will be "Peace on earth and good will to men," which is coming yet in spite of the present times of "great tribulation"—caused by covetousness, selfishness, greed, and wanton hindrance to peaceful reconstruction. The efficacy of the International language in tracing missing friends and making new ones has been and is being repeatedly evidenced.

Anticipating the boom in International Trading after the World War, experiments by means of inter-correspondence in Esperanto are being made by business firms throughout the world with eminently satisfactory results. It is not the tyrants but the "meek who shall inherit the earth." The blatant, self-righteous and arrogant despot were beaten, but Righteousness is yet to be exalted, and frightfulness loathed. The longed-for League of Nations is evolving, when harmony and good-will shall yet reign in spite of all present discord and opposition—but not without many sacrifices, much service and suffering. Prosperity will not come through desiring something for nothing, but through universal patient industry for the public good.

Book-Keeping.—Instruction given in Book-Keeping and other Up-to-Date Business Methods. Advertisement Writing is a Present Day Enviably Profession, and the ground-work and minutiae have long been familiar to Mr Higgle, a practical Printer.

Messrs HIGGIE & COY'S ESPERANTO PUBLICATIONS are known, read and appreciated throughout the whole civilised world. Many of the contributions are written by up-to-date foreigners.

Typical letter received in pre-war days :-

MONTREAL, July 29th, 1913.

"I was shown a copy of your publication, 'Bonnie Scotland's Resorts,' while up country, and am desirous of possessing a few of those interesting books; so realistically depicting places I have visited, and 'brither Scots.' Kindly inform me if such can be procured in this country of U.S.A., and, if so, where? I would not mind going 500 or 600 miles to get a few of your small books—so full of interest to the fellow Scot men I come in contact with here. . . . The party who showed me their copy had it for years I shall be glad if you let me know if you issue other Publications along the same lines as the A B C 'Resorts of Scotland.'"

Messrs HIGGIE & Co., Rothesay.

These Publications are appreciated by intelligent persons outside Scottish connection, and we sent (free and direct) from our head office, in Rothesay, copies of BONNIE SCOTLAND'S RESORTS, &C.,

to the Red Cross Hospitals in Scotland,

giving a welcome to the brave Sailors and Soldiers who had been fighting in the Great War for Peace on Earth and Good Will to Men, and we received many thanks for our consideration.

One never knows the good received in unexpected quarters. A Scottish soldier, while in an Egyptian hospital, "swapped" something with a fellow patient for a booklet on Pitman's Shorthand. He learned the art, introduced it into the British Army, and presided at the Glasgow celebration of the inventor's centenary—when he indicated the wonderful success of his innovation.

HIGGIE & COY., PRINTERS & PUBLISHERS, ROTHESAY, SCOTLAND.

"The occasional free circulation of our publications produce much pleasure, good feeling and reciprocity."

We give special terms to Scottish Societies for the peaceful penetration of good will throughout the world.

SPELING REFORM.

ALL LANGUAGES READ AT SIGHT.

WHEN Our Manager was abroad several years ago, he, for amusement, to the delight and amazement of his friends, used to write from their dictation, sentences in any language, and read them correctly—at least, perfectly understood to those who heard. Of course, the shorthand writing remained a mystery to the uninitiated, although perfectly intelligible to those who had mastered the art. Phonetic Longhand is better: it doesn't require previous study to read foreign words—only a glance at the new letters added to the present common roman alphabet, by which the spelling of the growing English is unnecessarily restricted. We do not like the word revolution, because it smells of violent action, but isn't it pitiful to see the various ways English and other words are pronounced different from the printed spelling? There is no need for that, when the extended roman alphabet (on which Pitman's World-wide Shorthand is founded) is available. We have got Sir Isaac Pitman & Son's permission, to get a fount of Phonetic Longhand type, and are preparing to issue a series of monthly brochures dedicated to

SKOTS AT HEM AND ABROD, and Who wi dem Fergæder, printed in the comon and reformed spelling, and also phonography. We intended to print one of Osian's poems in the reformed spelling, but meanwhile have to content ourselves with a quotation from the very old classic language—

in Scot's Gaelic.

Mar ghath Soluis do'm anam fein a sgeula na haimsir a dh-fhalbh.

Translation.

As a beam of light to my own soul is a tale of the time that is gone:

Fonetik Printin,

Mar gya selxs dom anxm fen ha sksla na hamifar a gya gelit:

We intend to treat similarly special quotations from the **Irish** and **Welsh Gaelic**, if not, indeed, from the numerous **Strange Languages** (spoken by Persons of Other Lands at the Jamboree held at Birkenhead in August, 1929, and else where. If Pitmanites will please send us a fully vocalized proverb in any language (with the meaning translated into Esperanto) we will reproduce them *pro bono publico*. - - - - -

BONNIE, BONNIE SCOTLAND

This Publication was conceived by a Scot abroad, and printed on his return. It has passed through several editions, and another is in preparation. Prices, 4d. 6d., 1s and 2/6.

BELLEGA SKOTLANDO

The introductory pages of the above publication printed in Esperanto. It had the honour of being the first-printed National Guide-Book in the International Language. A few copies still on hand. 2½d post free.

SCOTTISH SCENERY

This Artistic Publication has the Typical Scottish Scenery printed by Valentine and Sons, and was issued at the first International Esperanto Congress in Great Britain. It was very highly commended, and inspired the Japanese for their Great Exhibition, which was transferred to the White City, London. 910.

A special issue was prepared in commemoration of the 18th Congreso Esperanto Internacional, en Edinburgo, 1926. Post free, 9d.

BONNIE SKOTLAND

The introductory pages of Bonnie Scotland's Resorts have also been translated into Pictorial Phonetic Longhand, in commemoration of the Centenary of the Inventor (January, 1913). This spelling (by sound) is known all over the world by shorthand writers, is easily acquired, and is far and away the best solution of the spelling reform controversy. To keep the flag of Spelling Reform flying we are preparing new brochures. Look out for the new Monthly Magazine of Interesting Literature.
